The Spirit Doll is an ancient tradition in which the makers use the Doll as representation of a healing, a prayer, or a wish they want to manifest in themselves or a loved one (then gifted to that person). Spirit Dolls always begin with an Intention, and that is where we will begin.		
Nikki will guide the group in the various ways to construct a Spirit Doll, encouraging each participant to follow the pathway that resonates with them. Each Doll will be unique to the maker, and all will be perfectly wonderful!		
The clay face with the closed eyes will be provided, as will various types of art materials. Participants are encouraged and welcomed to bring personal items they would like to incorporate, such as meaningful fabrics, jewels/charms, and/or photographs to place inside the Doll.		
All faiths and spiritual traditions are welcome and supported. Absolutely no artistic experience is required. You cannot do this wrong! :) Join us!
